Protandim® NRF1 Synergizer®

Power Up to Perform

A healthy digestive system needs the right amount of beneficial microflora (bacteria and other microorganisms) to help you feel your best. But things like stress, poor diet, or other lifestyle factors can cause an imbalance in your gut microbiome. LifeVantage® ProBio supports a better balance by delivering live probiotic bacteria deep in your gastrointestinal tract to support healthy digestion and gut comfort. Added beta-glucans broaden diversity in your microbiome for full-spectrum support in your journey toward a healthy gut and happier life.*

NRF1 Synergizer powers up your whole body by activating cellular energy to help you live well.*

Protandim® NRF1 Synergizer®

Frequently Asked Questions

What is Protandim NRF1 Synergizer?

An Activator supplement that targets the body's NRF1 pathway to help your body make new mitochondria and increase cellular energy at the source.*

How is NRF1 Synergizer different from the Protandim® Nrf2 Synergizer®?

Nrf2 Synergizer activates your body's antioxidant defense, while NRF1 Synergizer targets cellular energy by promoting healthy mitochondrial function. Try them together in the Dual Synergizer to help your cells stay strong, resilient, and fully powered.*

What benefits can I expect from NRF1 Synergizer?

Cellular Activation starts on day one, but you may not feel results right away. With consistent use, you may feel more energetic, focused, and youthful, with improved stamina and overall performance.*

Can I take this with other LifeVantage® products?

Yes, NRF1 Synergizer is designed to complement any other LifeVantage products to support cellular health. We recommend combining with Nrf2 Synergizer and Protandim® NAD Synergizer® for comprehensive cellular support for daily vitality and healthy aging.*

How should I take NRF1 Synergizer?

Take two capsules each morning with food and water. Not for individuals under 18, or for those pregnant or nursing. Always consult your healthcare provider if taking medications.*

Is NRF1 Synergizer safe to take with prescription medication?

Please consult your physician if you are taking any medication before use.

Can I use NRF1 Synergizer if I am pregnant or nursing?

No, we do not recommend this product if you are pregnant or nursing.

Can children take NRF1 Synergizer?

No, we do not recommend this product for children. Our products are made for individuals 18 and older.

Can my pet take NRF1 Synergizer?

We have not tested Protandim NRF1 Synergizer in pets, so we do not recommend it.
