HOW IT WORKS

- When you join MyUS to access LifeVantage's exclusive products, you get a personal US shipping address. You must also enroll as a LifeVantage customer in the US to enjoy LifeVantage discounts/rewards.
- Any LifeVantage purchases you make will ship to your MyUS shipping address and these LifeVantage purchases destined overseas have no US sales tax.
- You can use the US LifeVantage website to shop for products that are not currently available in your country, and then have them shipped to you via your MyUS address for your personal consumption and not for resales.
- When your packages arrive at the MyUS facility, the contents are inspected for you to ensure nothing is damaged during shipping. MyUs will then alert you that your package(s) are ready to be shipped to your country.
- In the MyUS member center, you can optionally consolidate multiple packages purchased in the US (for free) and then create a ship request to send your products to your country.
- You are responsible to pay MyUS for the international shipping cost and also any required duties and taxes for your destination country.
