## Benefits

### SUPPORT HEALTHY AGING

Free radicals can lead to oxidative stress throughout the body. Antioxidants help neutralize free radicals. However, they can only neutralize one free radical at a time. You can take more antioxidants, but the body is under constant insult and thus allowing your cells to make their own antioxidants would be more beneficial. This daily food supplement helps keep you healthy and strong from the inside out and supports cellular health and well-being.

### Protandim Nrf2 Synergizer works to:

- Protandim Nrf2 Synergizer is a daily food supplement that supports cellular health and well-being
- Science research and literature demonstrate the importance of cellular health
- The traditional ingredients in Protandim Nrf2 Synergizer have been used to help support health and well-being
- To be used with any healthy diet to support cellular health and general well-being
- Protandim Nrf2 Synergizer combines traditional ingredients that have been used to help support cellular health and general well-being

## Directions
