

product information sheet

Move
Your Body.
Move
Your Life.

A delicious drink mix designed to support your nervous system and energy levels.

Product Info

Move your body. Move your life. Get motivated with AXIO. You get energy support for your nervous system—the control centre of your body. Your nerves communicate through neurotransmitters, sending messages from one nerve to another. Wake up, nourish your body, and get the right kind of energy, right when you need it.

Benefits

Supports energy levels and energy production

Maintains nervous system function and health

Maintains general mental well-being

Aids in the synthesis of neurotransmitters

Directions

Adults only: Mix one 5 g sachet into 350-450 mL water, shake well until combined. Enjoy twice a day for full benefits.

Warnings: ALWAYS READ THE LABEL. Vitamins and minerals can only be of assistance if dietary intake is inadequate. Contains no more than 10.7 mg total caffeine per gram. A cup of instant coffee contains approximately 80 mg of caffeine. Caffeine intake more than 200 mg per day is not recommended during pregnancy or breastfeeding. Do not use if breastfeeding, pregnant, or likely to become pregnant. Limit the use of caffeine-containing products (including tea and coffee) when taking this product. Caffeine interacts with enzymes CYP1A2 in the liver. Consult your health professional before taking with other medicines.
