

OMEGA+

HEALTHY HEART. HEALTHY BRAIN.

By combining DHA and EPA Omega-3 fatty acids and Vitamin D3, Omega+ supports cognitive health, cardiovascular health, skin health, and the immune system.

Product Info

Your brain, heart, and muscles need all the support they can get. But sometimes the diet just doesn't cut it. That's okay, ours doesn't either. It's why we created LifeVantage Omega+, a powerful blend of the fatty acids and vitamin D you need to get the most out of life.

LifeVantage Omega+ fish oils are 100% traceable from boat to bottle sourced from CodMarine® Norwegian fish oil.

Benefits

- Supports cognitive health
- Supports cardiovascular health
- Supports a healthy immune system
- Protects your cells
- Supports skin health
- Rich in EPA and DHA
