

PROTANDIM®

NRF1 SYNERGIZER™

A SCIENTIFIC BREAKTHROUGH FOR THE AGES

With age comes wisdom and maturity. That's the upside. But you also feel old, and overall lack of energy. Getting old isn't easy. We get it. We also understand why. Thanks to a breakthrough in nutrigenomics, we're able to support healthy aging at the cellular level.* It's called Protandim NRF1 Synergizer, and it's revolutionizing health and wellness.

Product Info

THE MIGHTY MITOCHONDRIA

Unfortunately, we still haven't discovered the fountain of youth. But we finally understand why we age. Every day, your cells are damaged by free radicals from natural processes like breathing and from pollution in your environment and diet.

This leads to oxidative stress and a break-down of your health at a cellular level—one of the main contributing factors to the natural aging process. One of the most crucial keys to supporting the healthy aging process and restoring a youthful

feeling to your body is living in your cells. They're called mitochondria.

Mitochondria produce up to 95% of the energy your body uses. But those muscular, microscopic powerhouses break down as you age. It's a natural part of oxidative stress. But fewer mitochondria don't just mean less energy. Mitochondria also produce ATP (Adenosine Triphosphate)—the source of cellular energy that pumps our heart, supports muscle growth and maintains healthy brain function.

PROTANDIM®

Benefits

A SOLUTION TO HEALTHY AGING UNLIKE ANY OTHER

The idea is simple: produce new, more powerful mitochondria, and you'll feel younger and more energetic from the inside out. And that's where Protandim NRF1 Synergizer steps in. It's a new breakthrough in nutrigenomics that optimizes your body's ability to boost mitochondria function, protect the ones you have and restore that youthful feeling at the cellular level. Protandim NRF1 Synergizer, combined with the Protandim Nrf2 Synergizer, gives us a new way to improve cellular health and support healthy mitochondrial function as we age.

LIFEVANTAGE NRF1 SYNERGIZER WORKS ON THE CELLULAR LEVEL TO:

- Increase cellular energy (ATP)
- Improve performance through energy function
- Enhance cellular health—cells function at their peak performance

Directions

Adults, take two capsules with food and a glass of water in the morning. If you are pregnant or nursing, please consult with your physician before taking Protandim NRF1 Synergizer.

Supplement Facts		
Servings Per Container: 30		
Serving Size: 2 capsules		
	Amount Per Serving	% Daily Value
Proprietary Blend	790 mg	†
Acetyl-L-Carnitine		
Quercetin		
Grape (<i>Vitis vinifera</i>) Skin, Seed, Pulp Extract		
Alpha Lipolic Acid		
CoEnzyme Q10		
* Percent Daily Values are based on a 2,000 calorie diet.		
† Daily Value (DV) not established.		

OTHER INGREDIENTS: Vegetable Capsule
Hydroxypropyl Methycellulose, Magnesium
Stearate.
