

PROTANDIM[®]

NRF2 SYNERGIZER[™]

GIVE YOUR BODY A FIGHTING CHANCE

Comprised of natural plant ingredients, Protandim is a patented, science-based formula that has been researched, tested and published by renowned research institutions.

Product Info

Oxidative stress generated through the process of living life (eating, sleeping, breathing, exercising), is inevitable for everyone. But LifeVantage Protandim Nrf2 Synergizer, in our opinion, is the most important dietary supplement of our time. Comprised of natural plant ingredients, Protandim Nrf2 Synergizer is a

patented, science-based formula that has been researched and tested by 20 peer-reviewed studies and published by renowned research institutions. Protandim Nrf2 Synergizer enhances the body's natural defenses to help make antioxidants and achieve optimal health balance.

PROTANDIM®

Benefits

SUPPORT PERSONAL WELLNESS

Free radicals can lead to oxidative stress throughout the body. Antioxidants help neutralize free radicals. However, they can only neutralize one free radical at a time. You can take more antioxidants, but the body is under constant insult and thus allowing your body to make their own antioxidants would be more beneficial. This daily food supplement helps keep you healthy and strong from the inside out and supports well-being.

Protandim Nrf2 Synergizer works to:

- Protandim Nrf2 Synergizer is a daily food supplement that combats free radicals.
- The traditional ingredients in Protandim Nrf2 Synergizer have been used to help support health and well-being.
- Helps the body regulate at peak efficiency.
- Protandim Nrf2 Synergizer combines traditional ingredients that have been used to help support the fight against oxidative stress.

Directions

Adults, take one caplet daily with food.
