

# Protandim® Nrf2™

## Give Your Cells a Fighting Chance

Comprised of natural plant ingredients, Protandim is a patented, science-based formula that has been researched, tested and published by renowned research institutions.

Cellular stress generated through the process of living life (eating, sleeping, breathing, exercising), is inevitable for everyone. But LifeVantage Protandim Nrf2, in our opinion, is the most important dietary supplement of our time. Comprised of natural plant ingredients, Protandim Nrf2 is a patented, science-based formula that has been researched and tested by 20 peer-reviewed studies and published by renowned research institutions. Protandim Nrf2 enhances the body's natural defenses to help make antioxidants and achieve optimal cellular health balance.

### Benefits

- Protandim Nrf2 is a daily food supplement that supports cellular health and well-being
- Science research and literature demonstrate the importance of cellular health
- The traditional ingredients in Protandim Nrf2 have been used to help support health and well-being
- To be used with any healthy diet to support cellular health and general well-being
- Protandim Nrf2 combines traditional ingredients that have been used to help support cellular health and general well-being

# Support Healthy Aging

PRODUCT INFORMATION SHEET

Free radicals can lead to oxidative stress throughout the body. Antioxidants help neutralize free radicals. However, they can only neutralize one free radical at a time. You can take more antioxidants, but the body is under constant insult and thus allowing your cells to make their own antioxidants would be more beneficial. This daily food supplement helps keep you healthy and strong from the inside out and supports cellular health and well-being.
